Hi!
H. H. Companion. This is a new Church in my home town. Built after a Church in Rome, Italy. The only one in the U.S. like it. It is the shape of a Cross. The Bell & old Original is out side in that tower. Will you please send me a Card in return so I can see what Elizabeth, Pa. looks like? If you want to exchange further for the two inside views in color let me know. different.
